Pressure Calibration Services:

We can provide you with NIST traceable calibrations up to 60,000 PSI

What we can certify :

- Pressure Gauges
- Chart Recorders
- Digital Gauges
- Transmitters
- Transducers
- Relief valves
- Deadweights

All calibrations are traceable back to our NIST traceable deadweights, we can provide standard turn-around of 2 to 3 days and if you need your equipment expedited same day we can do that as well. We will also pick up and deliver your equipment to your location .

Temperature Calibration Services:

We also provide our customers with NIST traceable temperature calibrations up to 400 DEG. F.

What we Certify:

- Temperature gauges
- Temperature recorders
- Transmitters
- Temperature switches

Temperature equipment is certified using out thermoregulated constant temperature circulating baths.

Please contact and ask for either Doc or Bob we have a combined experience of over forty years in the industry. We are a small family owned business and will do what it takes to make sure you are satisfied and have the quality experience you expect. We pride ourselves on our prompt service and accessibility you will not be disappointed if you choose to work with us.
